 Bindi

Club & Hotel

Furniture

Our History

from humble beginnings ...

Established in 1946 we continue to evolve and grow into a company who prides itself on producing high quality Australian Made furniture for projects here in Australia and overseas.

Our dedication is to our clients needs, the quality of our product and to deliver projects on time and on budget.

We look forward to working with you on your next project.

Ken Ford

To the latest technology!

Bindi's manufacturing facility in Sydney includes some of the most sophisticated machinery enabling us to produce multiple projects with shorter lead times.

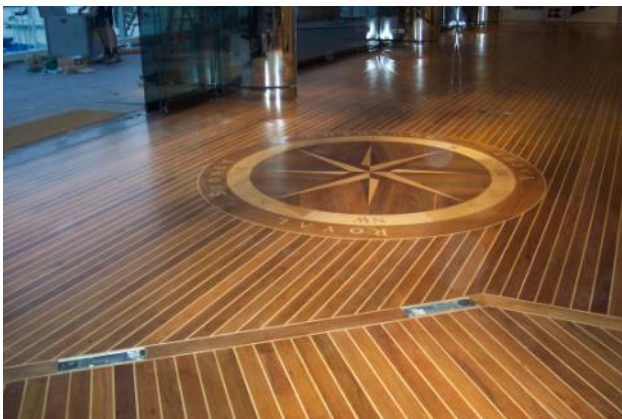

Our Levels of investment with regards to plant and equipment and the continual monitoring of manufacturing processes has allowed us to continue reducing manufacturing costs and enabling us to produce high quality Australian made furniture.

Design..Manufacture..Deliver.

We have the capability and expertise to manufacture almost any piece of timber product that you can imagine.

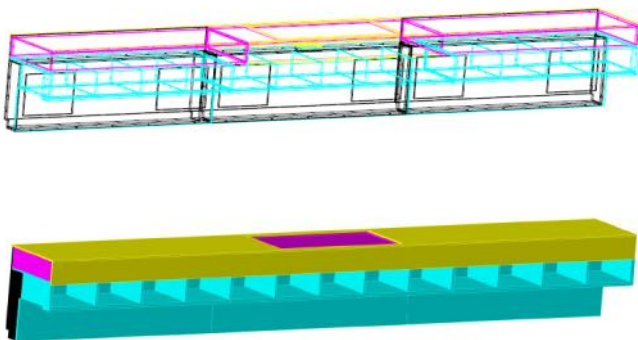

We enjoy the challenge of producing unique

pieces of furniture for various projects.

Bindi specializes in producing furniture and joinery to our clients specifications.

We work closely with the interior designer for each project that we work on, producing shop drawings for every job and prototypes if required.

Built in servery counter with ice bucket.

Marriott
SYDNEY

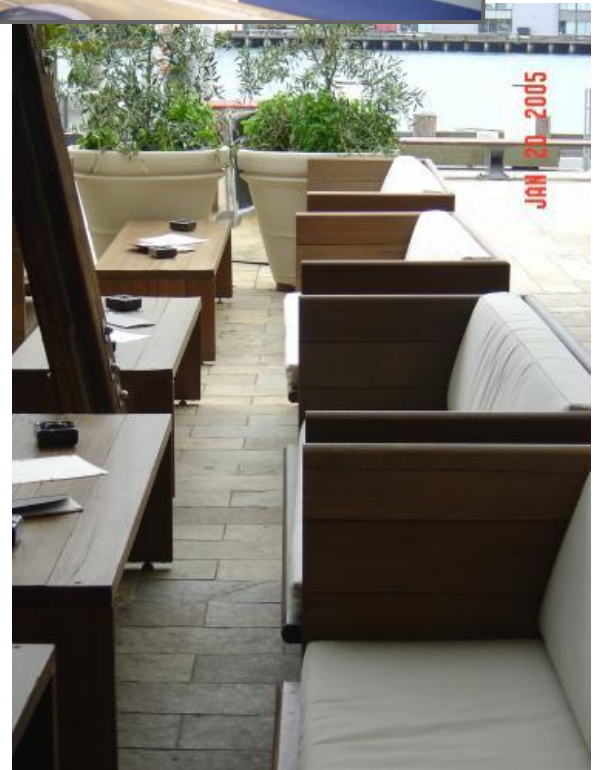

THE AUSTRALIAN
GOLF CLUB

Bindi specialises in producing custom made furniture to your specifications as shown here. From wall panelling to custom bench seating, tables and chairs.

Whatever your mind can imagine we can build!

Established in 1946 we continue to evolve and grow into a company who prides itself on producing high quality Australian Made furniture for projects here in Australia and overseas.

Our dedication is to our clients needs, the quality of our product and to deliver projects on time and on budget.

We look forward to working with you on your next project.

JOINERY

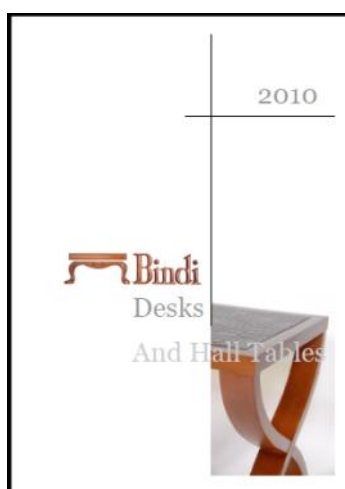

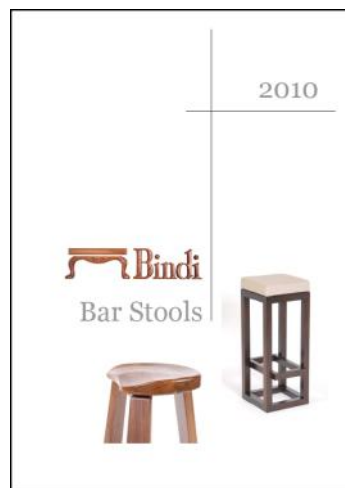

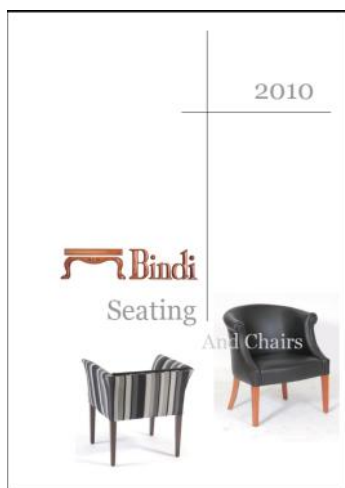

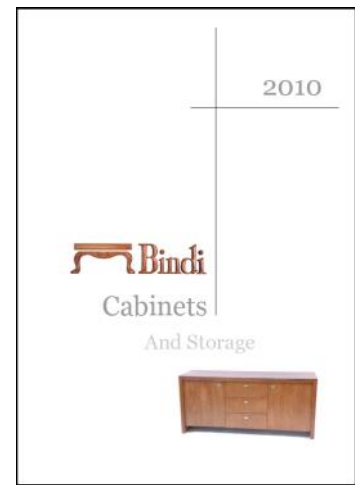

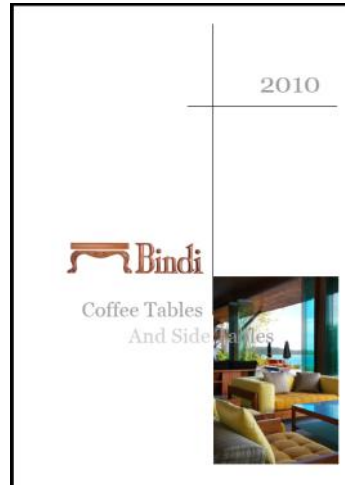

Bindi have completed a number of high quality commercial and domestic joinery projects. We work closely with the Architect and Interior Design Team to produce exactly what is required for each project.

We enjoy the challenges that different projects offer and the reward of seeing a plan or vision come to life.
